

# Cell Cycle Stop Motion Requirements

- Needs to be 1 minute long
  - Introduction does not count toward time limit.
- Must include:
  - all six steps of the cell cycle
  - An introduction with your names and class period
  - A voiceover explanation of what is happening throughout your video.
- I have some supply kits here. You do not have to use them however they are available. **You can not take them with you or draw on them.**
- I also have some construction paper and computer paper available.

# Cell Cycle Project due Oct 29<sup>th</sup>.

- Groups of no more than 3. Do not ask to be a group of four!
- Due by the end of class Oct 24<sup>th</sup>: Fill out of piece of paper with the following information:
  - Names of those in group
  - Who is in charge of the app? **THIS PERSON MUST BE HERE THURSDAY AND FRIDAY!**
  - Who is in charge of each step of the cycle? (Each person should have at least 2 steps!)
